IMMENSE FLOOD AREA

THREE HUNDRED SQUARE MILES OF NORTHWESTERN WASHINGTON UNDER WATER.

SOME LOSS OF LIFE OCCURS

SCORES OF TOWNS ARE CUT OFF FROM COMMUNICATION WITH THE OUTSIDE WORLD.

Tacoma, Wash., Nov. 15.—With a flood area embracing 300 square miles Northwestern Washington is now face to face with a state of affairs which, unless the waters subside soon, will prove far more disastrous than the floods of four years ago. Fed by a constant succession of heavy rains and by melted snows from the slopes of the Cascades nearly all the streams in the Northwest have within a night and day risen with the rapidity characteristic of the waters of this section of the country, overflowed their banks and are spreading across the valleys and lowlands, bringing a monetary loss which will reach hundreds of thousands of dollars.

Scores of towns, including Seattle, have been for the last twenty-four hours cut off from all outside communication. Bridges have been swept aside, railroad tracks washed out, telegraph and telephone wires torn down and, as far as can be ascertained, at least half a dozen lives lost.

Early in the morning the Northern Pacific bridge across Stuck river went out and soon after came the suspension of the railroad traffic between Tacoma and Seattle.

Train Service at a Standstill.

The Northern Pacific railroad has given up attempting to run any trains except those to Portland. It is able to maintain its latter service, but for how long this will continue is not known, as one or two short messages from the southeast state that the waters have broken telephone and telegraphic communication southwest of Olympia.

Advices received at the office of the chief dispatcher of the Northern Pacific state that the water in Green river canyon is two feet higher than during the floods of 1903, when the railroad was tied up for two weeks.

Innumerable washouts are reported from all parts of the country and several bridges are reported to have gone down.

Despite all efforts to get into communication what has occurred east of Auburn and west of the slopes of the Cascades can only be conjectured.

Every railroad in the Northwest is tied up and though a few trains are being run no attempt is being made at a schedule. The tracks of the Milwaukee, Northern Pacific and Great Northern have been washed away in places, but it is hoped to have the damage repaired in a few days.

At midnight rain is still falling heavily in this city.

DIVORCE CONGRESS ADJOURNS.

Adopts With Few Changes Original Uniform Bill.

Philadelphia, Nov. 15.—The national congress on uniform divorce laws ended its work here after having adopted with few changes the entire uniform divorce bill as originally drafted by the committee appointed at the first meeting held in Washington.

The meeting was closed by Bishop William Doane of Albany, who said the congress should be set right before the public because the people might get the idea that all cases approved by the congress should exist in every state. He explained that the congress merely drafted a law containing the principal causes recognized in a majority of states. These causes he hoped to see decreased.

The most radical action which the congress was asked to take, but which was defeated, was the incorporation of a provision requiring judges to turn over evidence in suits to the prosecuting attorney for action against the party to the divorce for the crime or offense on which the decree was granted.

The committee which drafted the original bill will remain in existence and use its efforts to have the bill passed by the various state lawmakers.

LOVE UTTERLY POWERLESS.

Epidemic of Lawlessness Prevails in Pittsburg.

Pittsburg, Nov. 15.—The reign of lawlessness in this vicinity continues and the hundreds of police, city detectives, county detectives and private agencies are apparently still unable to stop the depredations which are almost hourly reported to them. During the past twelve hours the list shows a greater number than any like period since the "epidemic" began.

ONCE MORE ANNA GOULD.

Countess de Castellane Secures Decree of Divorce.

Paris, Nov. 14.—The tribunal of first instance of the Seine, Judge Ditté presiding, at noon granted a divorce to the Countess de Castellane (formerly Anna Gould of New York) and gave her the custody of the children, who, however, will not be allowed to be taken from France without the consent of their father, Count Boni de Castellane.

Mme. Gould, as the former Countess de Castellane hereafter will be known, her title having ceased with the granting of the divorce, expressed the greatest satisfaction when she received the news at her residence on the Avenue Malakoff.

TO INQUIRE INTO WRECK.

Indiana Railroad Commission Will Hold Investigation.

Indianapolis, Nov. 15.—On account of the large number of deaths and the magnitude of the calamity the state railroad commission has decided to go to Woodville, near Valparaiso, to investigate the wreck of the immigrant train on the Baltimore and Ohio railroad which occurred there on Monday of this week.

Next Wednesday was decided on as the time for beginning the investigation, which is expected to last several days.

DECIDE TO SEPARATE

SENATOR AND MRS. PLATT PART ON LIFE'S WAY OWING TO UNHAPPY DIFFERENCES.

New York, Nov. 15.—Senator Thomas C. Platt and his wife, formerly Mrs. Lillian T. Janeway, have agreed to separate. The law firm of Marsh, Winslow & Weaver, acting for Mrs. Platt, made the announcement. The

deed was signed by both, but not in the presence of each other, and is as follows:

"Owing to unhappy differences between them the undersigned have this day executed a deed of separation. While making such announcement we wish to assert with all possible emphasis the falsity of the scandalous articles which have lately appeared in the public prints. While there have been a series of differences and disputes which seem to make a separation advisable there has been no conduct upon the part of either which could possibly be the foundation of the divorce action. No question of the infidelity of either to the other has been raised. Statements which have charged violent and disgraceful scenes between us are absolutely false."

Couple Now Living Apart.

Mrs. Platt is at the Tioga lodge in Highland Mills and Senator Platt is staying at his apartments in this city. So feeble is he that he retired early and no one was allowed to see him. What provision has been made by the senator for his wife's future support could not be learned from any member of the family, but it is thought that Mrs. Platt will have the use of the estate at Highland Mills and that she will receive an allowance from her husband.

The public knowledge of the differences existing between Senator Platt and his wife began more than two months ago when the statement was made that Mrs. Platt had sued for divorce. These stories were repeatedly denied, but recurred so often as to make certain the fact that grave differences did exist.

Mrs. Platt confirmed the announcement of the separation at her home at Tioga Lodge, Highland Mills.

Bomb Explosion in Rome.

Rome, Nov. 15.—A bomb was exploded in front of the Cafe Aragono, in the center of the city, during the day. The fashionable throngs at the cafe were thrown into confusion and one man was seriously wounded. The perpetrator of the deed escaped.

DICTS OIL MAGNATE

Findlay (O.) GRAND JURY RETURNED TRUE BILL AGAINST JOHN D. ROCKEFELLER.

NATURE OF CHARGE SECRET

THREE OTHER PERSONS ALSO IMPLICATED WITH HEAD OF GREAT OIL OCTOPUS.

Findlay, O., Nov. 15.—The grand jury has found indictments against John D. Rockefeller and three other persons in connection with the Standard Oil inquiry which was reopened at the reconvening of that body is adjourned session Tuesday. What the indictments allege or who the other three defendants in addition to Mr. Rockefeller are was not given out by prosecutor David, who, however, admitted the indictments had been returned. The bench warrants issued in the indictments were placed in the hands of Sheriff Groves, who took them and went to Cleveland, where it is supposed they are to be served. The indictments returned are at present in possession of the clerk of

courts of this county. It is understood the indictments charge the defendants with having continued to contract the oil productions and to fix prices on and after July 7, 1906, in violation of the Valentine anti-trust act, a state law under which the recent prosecution of the Standard Oil company in this county was conducted and in which a fine of \$5,000 was imposed by the probate court.

Prosecutor David stated that no attempt would be made at this time to compel John D. Rockefeller to come here, as his appearance had already been entered by his attorney in the matter of the information now pending in the probate court. Mr. David gave as a reason for not making the indictments public the fact that none of the parties named in them had been served with warrants of arrest.

WARRANTS FOR THEIR ARREST.

Treasurer, Secretary and a Director of Ohio Oil Company.

Cleveland, Nov. 15.—Deputy Sheriff A. S. Johns of Hancock county has arrived here and made public the names of the three other persons indicted at Findlay in addition to the indictment against John D. Rockefeller. Johns has warrants for the arrest of M. G. Vilas, treasurer of the Standard Oil company of Ohio; J. M. Robertson, secretary, and H. P. McIntosh, a director of the same company.

After visiting the homes of the three men and spending several hours in searching the city Mr. Johns said he had been unable to locate any of them. At their respective homes he was told they were not in the city. The

deputy sheriff said he had been instructed by the officials at Findlay to remain here till the warrants are served and the defendants named in the indictments, on which the warrants were issued, will be

Taken to Findlay in Person.

He said it was his understanding that none of the parties, including Mr. Rockefeller, would be permitted to enter appearance by attorney.

The statement of Deputy Sheriff Johns that he has instructions to arrest all of the defendants and take them to Findlay is at variance with the statement from Findlay that John D. Rockefeller would be allowed to appear by attorney. Mr. Johns, however, insists that he has no instructions to exempt any of those named from appearing in court personally and says that the failure of Messrs. Vilas, McIntosh and Robertson to recognize subpoenas left at their houses summoning them to appear as witnesses at the recent Standard Oil trial at Findlay was given him as the cause for requiring their personal appearance for trial under the indictments returned.

COPPER MINE ACCIDENT.

Thirty-eight Kegs of Dynamite Explode With Fatal Results.

Salt Lake, Utah, Nov. 15.—Thirty-eight kegs of dynamite exploded at the surface workings of the Boston Consolidated Copper mine in Bingham camp during the day. Mike Coglietta was killed and Samuel Coglietta and N. Coglietta fatally injured and two others seriously hurt.

The cause of the explosion is not known. No property loss is reported

WOOD RAT TYPIFIES MAN.

He is Small, but His Acquisitiveness is Insatiable.

Too many Americans have the "wood rat instinct." The wood rat, the animal, is a native of southern Oregon, but the wood rat typified in man is not restricted to any small section of a state or nation, but is well nigh universal.

The wood rat is small, no larger than a common rat, but his ambition and acquisitiveness are insatiable. His one insane desire seems to be to increase the size of his pile of sticks. The neighboring field is placed under tribute. First, all the nearby sticks are gathered into the pile. Then, as these are cleaned up, he goes farther and farther away from home, and every twig is eagerly seized upon to increase the size of his pile of sticks.

The wood rat regards his pile of sticks as a refuge in time of trouble. On the first sound of alarm he rushes for the pile and crawls underneath. It is here that he often finds his destruction, for a summer fire sometimes sweeps through the woods, and the wood rat's pile of sticks makes a veritable furnace. The larger the pile the hotter the fire, and thus he has piled up the means of his own agony.

We do not need to carry the comparison any further. The lesson is obvious, but still many of us do not appear to realize that we are like the wood rat, worshipping a pile of sticks. We marry a man because of the size of his pile of sticks and not from an innate attractiveness. We call this man a success because he can gather sticks faster than any of his companions. We call this man "sharp" and "shrewd" because, after a fellow worker has laboriously made a huge pile, he steps in and ousts his fellow from the pile and appropriates all the sticks for his own.

Let us take warning from the wood rat and the summer fire—the larger the pile of sticks the fiercer burns the fire when the time of destruction finally arrives.—Montreal Star.

FACTS ABOUT YOURSELF.

The average number of teeth is thirty-two.

The average weight of an adult is 150 pounds 6 ounces.

The weight of the circulating blood is twenty-nine pounds.

The brain of a man is more than twice that of any other animal.

A man breathes about twenty times a minute, or 1,200 times an hour.

Over 540 pounds, or one hoghead and one and one-fourth pints, of blood pass through the heart in an hour.

The average weight of the brain of a man is three and one-half pounds, that of a woman two pounds eleven ounces.

There are 175,000,000 cells in the lungs, which would cover a surface thirty times greater than the human body.

The average height of an American is five feet nine inches, of a Frenchman five feet four inches, of a German five feet seven inches.

Fishes as Barometers.

"In their way," said the old fisherman, "fishes are not such bad weather prophets. If a storm is approaching the fish stop biting, and they won't bite again until the storm is well over. They appear to know when a storm is coming and when it has really passed. And to fishermen and farmers living along the shore fish foretell the near approach of cold weather. Hours before it comes fishes leave the shallow waters inshore and seek deeper water, which in its depths will stay warm and keep an equable temperature after the shallower and surface waters have turned cold. Oh, yes, fishes know a thing or two about the weather."—Washington Post.

Sighs For the Old Days.

What stopped the old housewife habit of taking the tablecloth out after each meal and shaking it on the ground to the edification of the dog, cat, chickens and birds? As a boy we used to delight in that shake, especially if a comely matron or a pretty girl had hold of the cloth her body swayed so gracefully as she handled it. No other motion, not even the rhythmic dance, set off her figure to better advantage, and the mixxes knew it and always managed to give those flirts when admirers were handy by. But some one invented a brush and a pretty receiver, and a new fashion was set.—Washington (Ia.) Press.

The American Girl.

The American girl is a most interesting contradiction. She is regarded as the world's greatest representative of feminine freedom, and yet at the root of her character she is the most prudish of girls. She makes the best friend for a man, and yet his worst lover. She cannot deny that she is a flirt, and yet she is at heart hard and selfish. She will do the most unbecoming things, and yet in no part of the world is etiquette more insisted on than in American society.—Madame of London.

A Certain Advantage.

"A woman can always get the better of a man in an argument," said the visitor.

"Yes," answered Miss Cayenne. "But we should remember that in an argument a woman always has a certain advantage. She is not expected to be a gentleman."—Washington Star.

During the Rush Hour.

She—Were you ever in a street car accident? He—Yes. The car was completely wrecked, but the passengers were packed so tight that only the outside layers were injured.—Chicago News.

LOUIS KLING

SHOT FOR DEER

Engineer of Cross Lake Logging Company Fatally Wounded
By Wm. Buchette

WAS GROSS CARELESSNESS

Dr. Camp States that it was a Case of Grossest Criminal Carelessness

Dr. J. L. Camp, of this city, returned today from Cross Lake where he was called yesterday to attend Louis Kling, Kling, who is an engineer in the employ of the Cross Lake Logging company, was out with a party from the headquarters hunting deer yesterday morning when Kling was shot by Wm. Buchette. Buchette, who is a settler on Daggett Brook, near there, was also out hunting and saw the bushes move and fired into them, hitting Kling in the abdomen. The bladder was cut nearly in two and the intestines were protruding from the wound when Dr. Camp reached him nine hours after the accident. He was still living this morning, but his wounds are necessarily fatal.

Dr. Camp is very severe in his denunciation of Buchette, who says he had seen a deer near there and when the bushes moved he fired. Kling was dressed entirely in black and there would seem no excuse for the mistake. Dr. Camp reported the matter to County Attorney Polk and recommended that Buchette be arrested and given the limit of the law.

Kling is a young man, married but with no children. Buchette is also a young man.

Saturday is bargain day at Bane's.

RAILROAD NEWS

Items of Interest Regarding Railroads and Railroad Employees

N. P. Buys Small Road

The Northern Pacific has acquired control of the Port Angeles & Peninsula Railway company, which was organized to build a 125-mile road from Guilaute, Wash., east through Port Angeles to Port Ludlow, from which point the plan is to have car ferry lines on Puget sound connect with Seattle and Everett. The Northern Pacific has also bought the Port Angeles & Olympia company, which plans to build from Junction City, Wash., near Port Ludlow, south to Olympia, 97 miles.

The Northern Pacific has filed some more maps in the land office at Bismarck, N. D., showing the route of the proposed extension from Mandan, N. D., north along the west bank of the Missouri to the edge of the Fort Belkold Indian reservation. The route is via Stanton to Mannheim and thence west along the river to the reservation. The distance is about 90 miles.

The average young woman of today is busy and has no time to devote to anything but health and beauty. It comes to ninety-nine out of every hundred who take Hollister's Rocky Mountain Tea. Tea or tablets, 35 cents. H. P. Dunn & Co.

Notice.

All Elks are urged to be present at the meeting on Thursday night as a vote on the new constitution will be taken.

Pullman increases Capitalization.

Chicago, Nov. 15.—At the annual meeting of the Pullman Palace Car company, which was held here, the capital stock of the company was increased by \$26,000,000, bringing the total capitalization up to \$100,000,000. The addition to the capital stock was divided among the stockholders in the proportion of thirty-six shares for each 100 held at the time of the meeting.

Cutlery Plant Burns Down.

Chicago, Nov. 15.—The plant of the American Cutlery company in Mather street was destroyed by fire which for a time threatened to spread through the tenement district in the vicinity. Three buildings where more than 500 persons were employed were burned to the ground. The loss to the buildings and contents is estimated at \$600,000.

Stringent Anti-Lobby Law.

Jefferson City, Mo., Nov. 15.—Governor Folk has drafted a stringent anti-lobby law which will be introduced on the first day of the next session of the legislature. If enacted into law not even the representatives of state institutions will be permitted upon the floor of either branch of the general assembly.

MEET ENCOURAGEMENT

Committee of Citizens to Solicit Funds for Y. M. C. A. Hold Meeting —Report Encouragement

The committee in charge of the Y. M. C. A. popular canvass met last night and had enough encouragement from all sources to make them enthusiastic in their anticipation of success. Business men who have been approached have expressed themselves as believing that it would show a woeful lack of public spirit if such an institution as the Y. M. C. A. should be allowed to close its doors because of the lack of funds to repair the building, the gymnasium and baths.

No extensive repairs have been made to the building since it was built. Assurances of new membership will keep up the current expense if it is placed in an attractive condition.

A committee is out asking that business men give a goodly portion of their time Y. M. C. A. day—Monday—so that the work may be done speedily and are meeting with success. The shop men have already fallen into line, offering any assistance that they can give.

Torturing eczema spreads its burning area every day. Doan's Ointment quickly stops its spreading, instantly relieves the itching, cures it permanently. At any drug store.

ORGANIZE THIS AFTERNOON

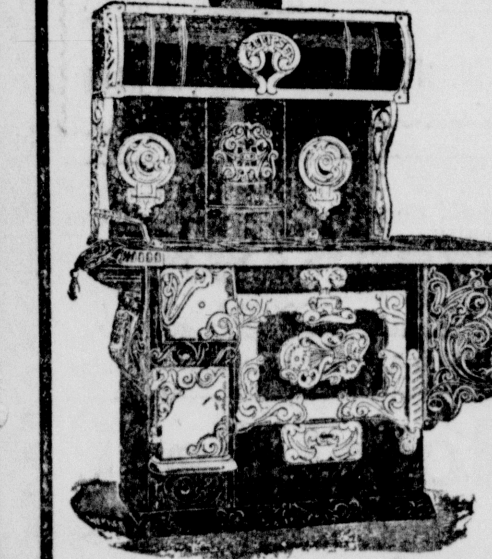

Meeting Being Held at Court House to Organize Crow Wing County Good Roads Association

State engineer Cooley arrived this noon from St. Paul and a meeting is being held this afternoon to effect the organization of a Crow Wing County Good Roads Association. There is considerable interest being manifested and it is expected that the organization will grow to be a power in the county in the way of educating in practical road work as well as getting such changes in the laws as will work to the good of our roads.

Indigestion, dyspepsia, constipation and all stomach and bowel troubles lead to appendicitis. Dr. Adler's Treatment quickly cures these ills. Johnson's Pharmacy.

CLUB WILL

HELP Y. M. C. A.

Commercial Club will Assist Young Men's Christian Association Canvass

COL. THORPE GAVE TALK

Addressed the Commercial Club And Gave Some Good and Timely Advice

The Commercial club met in regular meeting last night, and although there was a small attendance, the meeting was lively and full of interest throughout.

One of the first things brought before the meeting was the matter of the meeting being held this afternoon to organize a county good roads association. The president was instructed by motion to appoint a committee, of which he should be a member to look after the preliminary work of the association. He named Werner Hemsted, W. D. McKay and himself, with two farmers to be added today when it was learned who would be present.

The coming farmers' institute was brought up by a letter from Prof. Currier, who is in charge of the work, and the matter was referred to the committee on good roads.

A. E. Moberg, in behalf of the local Y. M. C. A., addressed the Commercial club in regard to the one day canvass for funds to be carried on in the city next Monday in behalf of the association. After some discussion the president was authorized to appoint a committee of five to assist in soliciting funds. President Wise stated that he would announce the committee later.

Col. Freeman Thorpe, of Hubert, was present and upon invitation of President R. R. Wise, gave a very interesting talk to the club. He spoke especially regarding the agricultural resources of the county and the possibilities of the sandy land. He said among other things that along the south shore of Lake Erie fifty years ago the sand hills were worth \$15 an acre and the clay loam land was worth \$24 an acre. Today the clay land had advanced to \$25 and the sand hills to \$100 per acre. He told of some of the experiments in agriculture he had made in Crow Wing county in conjunction with the United States agricultural department, especially as to raising clover. He also urged the club not to overlook any opportunity to induce any manufacturing establishment to locate in Brainerd.

Under the good roads question Mr. McKay told of some of his observations in the county and states that the towns of Ross Lake and the town of Little Pine have done the most effective work he has seen in the road making line in the county.

M. T. Dunn took exception to the system of cash payment of road tax and the contract system and stated that it had not worked well in Southern Minnesota and Iowa. He said money was too scarce and hard for the farmers to get here, and that it was not practical.

Mr. Wise appointed as committee to solicit for the Y. M. C. A. H. P. Dunn, J. T. Sanborn, S. R. Adair, F. A. Farrar, Mons Mahlum and Werner Hemsted.

Beef by the quarter and whole hogs at Bane's.

MEETING TONIGHT

There will be a Good Roads Meeting at The Commercial Club Tonight—Mr. Cooley to Speak

State Engineer Cooley, of the Highway Commission, will meet the business men and all others interested in good roads at the Commercial club rooms tonight. There should be a good turnout without fail.

TOOK WRONG COAT

Boys Have Some Fun at Expense of Grover Koop Because of His Mistake in Overcoats.

The boys around town had some fun this morning at the expense of Grover Koop. He was in the city hotel last night and in leaving, carelessly put on T. V. Grant's overcoat. When Tom missed his overcoat he examined the one left and found a letter directed to Grover in the pocket. He knew at once that a mistake had been made but the chance for some fun was too good to be missed, so Chief McGivern and Patrolman Winters were put next, and sent out to look for Grover. They found him and told him that they had a warrant for his arrest on the charge of stealing the overcoat he was wearing. He protested his innocence and got pretty hot under the collar but they took him to the City hotel. When he learned the state of the case he declared it one on him and squared it by "Setting them up" to the crowd. He will look twice at his coat next time when he puts it on.

Woman loves a clear, rosy complexion. Burdock Blood Bitters purifies the blood, clears the skin, restores ruddy, sound health.

BANK ELECTS DIRECTORS

Citizen's State Bank Elected New Board of Directors Wednesday Afternoon.

BOARD ELECTED NEW OFFICERS

M. T. Dunn Elected President and Fred Hoffman Vice President of Bank

The Citizen's State Bank elected a new board of directors Wednesday afternoon, increasing the number of members from five to seven. The new board is as follows:

C. N. Parker, J. H. Koop, Henri Ribbel, M. T. Dunn, J. A. Thabes and John Carlson. The directors of the bank at once met and elected new officers, as follows:

President—M. T. Dunn. Vice President—Fred Hoffman. Cashier—Jay Batchelder. Assistant Cashier—A. P. Drogseth.

The new board is composed of well known business men and men who will give the affairs of the bank their personal attention. The officers are, with the exception of Fred Hoffmann, the men who have composed the working force of the bank for the past 18 months and need no words of recommendation to the Brainerd business public.

A Year of Blood

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured. Guaranteed for sore lungs, coughs and colds, at H. P. Dunn & Co's. drug store. Price 50c and \$1. Trial bottle free.

A Good Record

Out of all the external remedies on the market we doubt if there is one that has the record of that world-renowned porous plaster—Allcock's. It has now been in use for sixty years, and still continues to be as popular as ever in doing its great work of relieving our pains and aches. It is the remedy we all need when suffering from any form of ache or pain resulting from taking cold or over-stress.

Allcock's plasters are sold by druggists in every part of the civilized world.

When you're broke the girls are shy They turn and fly as you come nigh Brace up old man, show some pluck Take Rocky Mountain Tea; it will change you luck.

H. P. Dunn & Co.

Dr. Bruns

The Optometrist, who fits glasses correctly, will be at the National hotel in Brainerd, November 22 and 23. If your sight blurs, your eyes burn or water, or you are troubled with a headache, don't fail to consult me. Office hours 9 a. m. to 4:30 p. m. Eyes examined free. wd

WHERE IS LARS?

The Postmaster Receives Telegram From Henning Asking for Lars Anderson—Daughter Dying

Postmaster Ingersoll has received the following telegram: "Henning, Minn., Nov. 15, 1906:—Does Lars Anderson get mail there? His daughter dead. Please locate him and answer. Mrs. Lars Anderson." The postmaster has no knowledge of Mr. Anderson's whereabouts. Anyone knowing him is requested to notify him.

ANSWERED HIS

LAST ROLL CALL

Francis Green, an Old Soldier, is Laid to Rest in Gull River Cemetery

LIVED AT GULL RIVER

Served in Hatch's Battalion, Minnesota Volunteers During Civil War

Francis Green, an old soldier of the civil war, and for the past 12 years a resident of Gull River, answered his last roll call Friday, November 9, and was laid to rest in Gull River cemetery Monday afternoon, November 12th, after funeral services conducted by Rev. A. P. Garrett, of Brainerd.

Mr. Green was born in New York, Dec. 18, 1845, and was sixty years, ten months and nineteen days old at the time of his death. He leaves a wife and two daughters, Mrs. D. K. Wood and Miss Grace Green who reside with their parents.

Mr. Green enlisted, when a few months under the required age in Company A, Hatch's Battalion, Minnesota Volunteers Cavalry, in May 1863 and was discharged in June, 1866. Most of his enlistment was spent in Pembina and Fort Abercrombie, North Dakota, guarding the frontier, the battalion being ordered south once, but the orders countermanded before time to start.

When young his parents moved from New York to Wisconsin, then to Red Wing, Minn., where he resided during his youth, enlisting from Red Wing. He resided successively in New Auburn and Stewart, and moved to Gull River 12 years ago, residing there until his death. Besides his wife and daughters he leaves three sisters, Mrs. Burwick, of New Auburn, Minn., Mrs. McCormick, of Wisconsin, and Mrs. Crandall, of Red Wing, and one brother, Merritt Green, of Red Wing, Minn.

The bereaved family has the sympathy of the entire community in which they reside.

Glucose and Red Wing papers please copy.

We always have a window full of bargains on Saturday at Bane's.

Doan's Regulets cure constipation, tone the stomach, stimulate the liver, promote digestion and appetite and easy passages of the bowels. Ask your druggist for them. 25 cents a box.

AMUSEMENTS

Sis Hopkins

It is rare indeed that one sees a play in which every character is true to life and free from the falsities of dramatist's license. When such a play makes its appearance, it strikes the fancy of the theatre goers and it becomes a popular favorite. That is one of the secrets of the marvelous success of "Sis Hopkins" the most delightful pastoral comedy drama produced in this country in the past two decades. There is nothing false or strained about any of its characters, or in the telling of the story of the play. It's fidelity to nature makes it a human interest play which appeals to the heart with its tender sentiment, its cleanly comedy, its freedom from long-fetted social epigram, and its natural plot. Miss Rose Melville, the creator of the quaint stage character of "Sis Hopkins" plays the title role again this season for the eighth consecutive tour at the head of a company which her manager, Mr. J. R. Stirling, has materially strengthened. At the opera house, Monday, Nov. 19.

"Pals" at the Bijou.

Without a doubt the funniest thing yet seen at the Bijou will hold the boards the rest of the week in "Pals." This is a rendering of the adventures of a hobo who steals a tailor's dummy and passes it off on the unsuspecting public as alive. Together with "Branigan sets off the blast," it occupies the first half of the program. The song tonight and the balance of this week will be "Daddy's Little Girl." Miss Cain is making a great hit with Brainerd people in her work at the Bijou and this song is one her best. Illustrated with handsome colored views. "French Troops Crossing the River," "Stop Thief" and "The Cruise of the Gladys" form the last half of the performance. The latter is the story of an outing and is both interesting and amusing.

Made Happy for Life

Great happiness came to the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles affected a complete cure." Quick, sure cure for nervous complaints, general debility, female weakness, impoverished blood and malaria. Guaranteed at H. P. Dunn & Co's. drug store. Price 50c.

Bane's little pig pork sausages per pound 15c.

Desperate Coughs

Dangerous coughs. Extremely perilous coughs. Coughs that rasp and tear the throat and lungs. Coughs that shake the whole body. You need a regular medicine, a doctor's medicine, for such a cough. Ask your doctor about Ayer's Cherry Pectoral for these severe cases. We have no secrets! We publish the formulas of all our preparations. J. C. Ayer & Co., Lowell, Mass.

BOUND OVER

High Smith is Held to the Grand Jury for Assault With Knife on Edgar Lawton

Judge Warner today held High Smith to the grand jury on a charge of assault in the first degree. This action is the result of a mix-up which took place in the dining room of the Northern Pacific hotel Friday evening last. As set forth by the evidence the men got into a quarrel and Smith tried to use the knife on Lawton without effect, while Lawton used his fists on Smith's countenance with effect, blacking his eyes, according to the stories told.

Had a Close Call

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel, of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at H. P. Dunn & Co's. drug store.

Card of Thanks

Mrs. Francis Green and daughters wish to thank all kind friends and neighbors for all kindness and aid given during the illness and burial of their father and husband and also during the present illness of Mrs. Green.

Notice

Owing to my being called to Wells, Minn., by the death of my friend's father, O. F. Southwick, I will be unable to meet my pupils this week but will be there next week as usual. 14011. H. RAY PALMER.

DANGERS FROM DYSPEPSIA

Imperfect Digestion Most Prolific Cause of Serious Disease

Few people seem to realize the real dangers in disturbed, deficient or defective digestion. While health reports do not give indigestion as a cause of death, yet it is in reality often fatal, as it so weakens the stomach that one becomes readily susceptible to an attack of typhoid fever, kidney disease, nervous prostration or other serious or fatal disease. At the first symptoms of indigestion, Mi-o-na stomach tablets should be used. If there is a feeling of heaviness in the stomach, distress after eating, nervousness, dizziness, nausea, headaches, sleeplessness, pains in the side and limbs, specks before the eyes, or a peevish, irritable condition, with debility and weakness, begin the use of Mi-o-na at once. It will build up the stomach and digestive organs so that you can eat anything at any time without fear of distress or indigestion. A 50-cent box of Mi-o-na tablets will, in most cases, give prompt relief and cure, although in chronic and long-standing weakness of the stomach, two boxes or more are sometimes needed, but H. P. Dunn & Co. guarantee Mi-o-na will cure, in all cases, no matter how chronic or serious, or money will be refunded. You run no risk whatever in buying Mi-o-na.

Stoves for Sale

You Should Know ALUM'S WORST WORK

Some Mothers, unconscious of the injurious effects of Alum, are daily giving it to their Children by the use of so-called Cheap Baking Powder.

What Mother would do so if she only knew?

Alum's Worst Work is its early harmful influence on the child's digestive organs. Positively Never, should Children of tender years be required to eat it in their food.

Secure your Children against Alum in their food.

AVOID ALUM
Say plainly—
ROYAL BAKING POWDER

ROYAL is made from Pure Refined Grape Cream of Tartar—Aids Digestion.

SECRETLY MARRIED IN LONDON.

Prince Eberwyn and Daughter of German Tradesman.

London, Nov. 15.—It has been learned that the hereditary Prince Eberwyn of Bentheim-Steinfurt and Lilly Langenfeld, daughter of a retired tradesman of Cologne, were secretly married at the registry office here on Oct. 28. It is understood that the father of the prince refused his consent to the marriage; consequently the couple came to London and the ceremony was performed here. The prince had previously renounced his birthright in favor of his younger brother, Victor Adolphus. After the ceremony the couple left for Cologne.

CAUSES GREAT SENSATION.

Titled Swedish Army Officer Charged With Forgery.

London, Nov. 15.—The correspondent at Copenhagen of the Mail says: Count Fritz von Rosen, a captain of the Swedish horse guards and a member of one of the highest of the noble families in Scandinavia, has been arrested charged with defrauding the Swedish military authorities out of \$49,000. He is also accused of endorsing fraudulent checks in the names of members of the royal family. He has been taken to Stockholm. The arrest of the count has caused a sensation both here and at Stockholm.

ROOSEVELT AT COLON

PANAMA PRESIDENT CORDIALLY GREETED ON EXECUTIVE OF UNITED STATES.

Colon, Nov. 15.—The first trip of an American president outside of the boundaries of the United States was successfully concluded at 1:50 p. m. when the battleship Louisiana, having on board President Roosevelt and his party, dropped anchor in the harbor of Colon. The Louisiana, which arrived ahead of schedule time, was conveyed by the Tennessee and the Washington. The three vessels anchored about a mile from the dock during a heavy rainfall.

Owing to the fact that the Louisiana arrived ahead of time neither President Amador of Panama nor Chairman Shonts of the Isthmian canal commission was on hand to welcome President Roosevelt. They arrived later and boarded the Louisiana and extended a cordial greeting to America's chief executive. In President Amador's party, besides Mr. Shonts, were Chief Engineer Stevens and Executive Secretary Reed of the commission and Mr. Squires, the American minister to Panama.

Receives Newspaper Men.

During the afternoon President Roosevelt received the local newspaper correspondents on board the Louisiana. He said his voyage had been pleasant and uneventful and expressed himself as gratified at the welcome which the citizens of the Isthmus are preparing for him when he lands. He stated that he proposed to look into the Jamaican labor question and also intended to see everything possible concerning the canal.

Extra precautions have been taken to protect President Roosevelt during his three days' visit on the Isthmus and it is reported that a number of known anarchists have been arrested here or at Panama. All steamers arriving at the Isthmus are inspected

and suspicious characters have been imprisoned and will be held in custody until President Roosevelt departs.

NEW JAP BATTLESHIP.

Biggest Fighting Machine in the World Built in Japan.

London, Nov. 15.—According to the Tokyo correspondent of the Telegraph, the Satsuma, the biggest battleship in the world, which was launched in Japan during the day, embodies all the lessons of the last war. The work on board has been reduced to a minimum; she is fitted with elaborate fire apparatus and her upper works are kept as clean of top hamper as possible. Her details in the main follow those of the British battleship Dreadnought, whose steaming capacity she is expected to exceed. The correspondent says there is every reason to believe that the British and Japanese admiralties exchanged plans and ideas previous to the construction of this warship. As the Satsuma has been built by Japanese labor exclusively her launching is regarded as a great historical event and the emperor and crown prince of Japan were present.

TEN YEARS AT HARD LABOR.

Fred Adams Pleads Guilty to Robbing Assay Office.

Seattle, Wash., Nov. 15.—Fred Adams pleaded guilty to robbing the United States assay office in Seattle and was sentenced to ten years at hard labor in the federal penitentiary at McNeil Island. He pleaded guilty to two counts charging him with the theft of \$35,000 worth of gold dust.

It is generally understood that the thefts amounted to over \$200,000.

BY UNANIMOUS VOTE

ERIE FIREMEN AT CLEVELAND

DECIDE TO STRIKE TO ENFORCE DEMANDS.

Cleveland, Nov. 15.—At a meeting of the firemen of the Erie railway here it was unanimously voted to strike to enforce their demands for higher pay and shorter hours. There were 240 men at the meeting.

The vote in the meeting here represents the Mahoning division of the Erie and at headquarters of the brotherhood here it was stated that advice had been received that the action here was being duplicated at other points on the road.

PRESBYTERIAN BROTHERHOOD.

Bryan Talks to New Church Workers' Convention.

Indianapolis, Nov. 15.—William J. Bryan, an elder in the Presbyterian church at Lincoln, Neb., addressed the delegates and visitors attending the convention of the new organization of church workers to be called the Presbyterian Brotherhood. When Mr. Bryan stepped to the front of the platform he was afforded a most enthusiastic reception, practically every one in the hall rising to their feet, waving their handkerchiefs and hats. The demonstration lasted several minutes.

Mr. Bryan in opening his address said he was glad to be a delegate to the first Presbyterian Brotherhood convention and he rejoiced especially that there was no contesting delegate. Mr. Bryan spoke of the custom in Asiatic countries where the women were compelled to worship behind a screen. He said it was different here. The women were foremost in this country and it was the men who generally kept in the background.

Wealth of United States.

Washington, Nov. 15.—The United States census bureau estimates the total wealth of the country in 1904 to be \$106,881,415,000. This shows an increase in wealth over the estimates for 1900 of nearly 21 per cent and of 64 per cent over the estimate for 1890, when the total wealth was \$65,037,091,197.

Terrorists Sentenced to Death.

Odessa, Nov. 15.—Five terrorists, including a girl, were tried by court-martial for having thrown a bomb in a cafe, injuring two persons. Two of the men and the girl were sentenced to death. The other two men were given seventeen years' penal servitude.

TELEGRAPHIC BREVITIES.

Senor Chacaltana, president of the Peruvian chamber of deputies, is dead. Mrs. Margaret Bottom, president of the International Order of Kings Daughters and Sons, is dead in New York city.

Dr. Robert Craig, prominent in medical circles of Pittsburgh, committed suicide at Atlantic City, N. J., by shooting himself.

The condition of Governor Harris of Ohio is exciting alarm among his friends. It is said that the doctors are afraid of pneumonia.

Harris Swimmer, grand foreman of Illinois Ancient Order of United Workmen, past president of B'nai B'rith of the Middle West and prominent merchant, is dead at Quincy, Ill., aged sixty-two years.

FARMERS GIVEN SEATS

AMERICAN SOCIETY OF EQUITY SENDS DELEGATES TO FEDERATION OF LABOR.

FIERY RESOLUTIONS APPEAR

ONE SET SCATHINGLY ARRAYS FEDERAL JUDGES AS TOOLS OF CORPORATIONS.

Minneapolis, Nov. 15.—A warm welcome to the representatives of the newly formed farmers' union, known as the American Society of Equity; an invitation from San Juan, Porto Rico, to meet there next year; a resolution by the Porto Rican delegate, Santiago Iglesias, calling for aid in securing more political freedom for his country; fiery denunciation of all branches of the American judiciary constituted the most important events of the day's session of the American Federation of Labor convention.

There were nine representatives of the American Society of Equity and after some discussion were given the privilege of the floor and escorted to the speaker's stand. W. West Tubbs, national secretary of the society, spoke, briefly outlining the policy of the farmers' union and expressing great hopes that it might become affiliated with the American Federation of Labor. His remarks met with the hearty approval of the delegates, but the height of the convention enthusiasm was not reached until N. C. Crowley, state organizer of the American Society of Equity for Wisconsin, spoke. He said in part:

"You of the American Federation of Labor have done wonderful things for yourselves. We are trying to control the production of farm stuffs as you are controlling the labor situation. You have cut off the supply of Chinese and pauper cheap labor, but though you raise wages to \$10 of \$15 a day so long as there is a robber between you and us it will avail you nothing."

Resolutions Denounce Judiciary.

Fiery denunciation of the judiciary, municipal, state and federal, are contained in so-called "socialistic" resolutions presented to the American Federation of Labor.

"The judiciary of today," says the resolution, "is one of the modern agencies of the capitalist class for the subjugation of the masses. The federal judges, who are appointed by the president from the circles of corporation lawyers upon the recommendation of prominent business men and plutocrats, are as a rule the worst and most unjust of the multitude of unjust judges."

This resolution, with five others, constitute what are known as the "socialist resolutions" and are regular fixtures of the annual convention of the American Federation of Labor. They were introduced by Victor L. Berger of Milwaukee, delegate from the Wisconsin State Federation of Labor. They have been referred to the committee on resolutions.

NEEDS OF AMERICAN NAVY.

Rear Admiral Evans Talks at Dinner in Chicago.

Chicago, Nov. 15.—The United States needs more warships, more guns and more naval officers and needs them badly, according to Rear Admiral Robley D. Evans, who was the guest of honor at the fourth annual dinner of the Alumni association of the United States naval academy at the Auditorium. In responding to the toast "The New Navy," Admiral Evans said in part:

"At the present time we have nothing more than a respectable nucleus for a navy to adequately represent the United States. It is not my business to criticize congress, but it sometimes puzzles us of the navy to know what congress is driving at. Frankly, we haven't ships enough; we haven't guns enough; in fact, we haven't a spare gun to put on one of the ships now in use should become disabled. In addition to all this we haven't officers on any of the ships. We haven't men enough, but what we have they are the best in the world. We hope all those connected with the navy that the next congress will do something to better the naval service."

DISSENSIONS IN THE RANKS.

Liberal Party of Cuba Likely to Go to Pieces.

Havana, Nov. 15.—Indications of dissensions in the ranks of the Liberal party are becoming more acute. This is shown by the enthusiastic reception which has been accorded Pino Guerra in Sancti Spiritus, the home of Jose Miguel Gomez. Up to the present time Guerra's attitude has been uncertain, but he is believed to be supporting Alfredo Zayas' aspirations for the presidency. Much importance is attached to the attitude of Guerra, who was leader of the insurgents in Pinar del Rio province, and also to that of General Asbert, the former leader in Havana province, who still remains neutral.

GIRL HID WEAPON.

Aids Father in Concealing Guilt of Her Mother's Murder.

Louisville, Nov. 15.—One of the most remarkable murder mysteries in police annals was apparently cleared up by the confession of the fifteen-year-old daughter of Mrs. Virginia Eddy, the victim, Anna Eddy, the daughter, confessed to the police that her father had murdered her mother and that she had hid the weapon and aided him in concealing his guilt for over a week, despite the ordeals of continued "sweating" by officers for over a week. The confession came just as the police and newspapers had apparently given up the case as hopeless.

Mrs. Eddy was murdered Nov. 7. Shortly after midnight her husband, John A. Eddy, rushed from his home and informed the neighbors his wife had been murdered. Assistance was promptly given and Mrs. Eddy was found lying on her bed with her throat cut and a great gash in her head. She was still alive and conscious, but unable to indicate the murderer, although her husband assisted in caring for her. Eddy's reputation and good family turned public suspicion away from the husband after the first twenty-four hours. The arrangements for the crime were made with such coolness that the truth probably never would have been known had not the daughter confessed and showed the officers where the weapon was hid.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Address: P. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

The DISPATCH will be delivered at your door for 40 cents per month.

Piles

In order to prove to you that Dr. A. W. Chase's Ointment is a certain and absolute cure for any form of itching, bleeding, or protruding piles, the manufacturers guarantee a cure. You can use it and if not cured get your money back. Mr. Casper Walton, laborer, Michigan City, Ind., says: "I work hard and lift a great deal. The strain brought on an attack of piles. They itched and they protruded and bled. Nothing helped them until I used Dr. A. W. Chase's Ointment. That cured them." 50c. a box at all dealers, or Dr. A. W. CHASE MEDICINE CO., Buffalo, N. Y.
